

SUBSTITUTE LIST from the Harrisburg Chapter of the American Guild of Organists

Organ substitutes listed below are members in good standing of the Harrisburg Chapter, American Guild of Organists, though their qualifications have not been endorsed by the Harrisburg Chapter. It is the hiring organization's responsibility to ask for specific information – education, experience, recent references, and to discuss these items with the chosen substitute. The hiring organization and the organist should agree on a reasonable fee before the service. (The Harrisburg Chapter does not publish a fee schedule.)
